# The No Leak Skylight

No Leak Promise  
No Worries

## 3 layers of water protection for curb mounted skylights

- 1** A pre-attached skylight gasket provides a seal between a standard site-built curb and the skylight that caps off a leak-proof installation for curb mounted skylights.
- 2** Adhesive underlayment for secondary water protection against the harshest weather conditions for standard site-built curbs.
- 3** Engineered flashing for easy installation and primary water protection.

ECL shingle or ECW tile flashing must be purchased in order to qualify for the 10-year installation warranty.

Eligible for a  
**30%**  
Federal tax credit  
Receive an average of  
\$850\* with federal  
tax credit eligibility

## Solar Powered "Fresh Air" Skylight – Model VCS

- Standard with Clean, Quiet & Safe glass.
- Optional in-stock blinds available factory installed.
- The solar panel will work on cloudy days and with indirect light. It does not have to be exposed to direct sunlight to function.
- With an integrated rain sensor the solar powered skylight will close automatically, in case of inclement weather.
- Intelligent touch remote control powered by VELUX INTEGRA®. With a touch-sensitive screen and easily understood icons, programming skylights has become simpler than ever.

## Electric "Fresh Air" skylight – Model VCE

- Standard with Clean, Quiet & Safe glass.
- Optional in-stock blinds available factory installed.
- Intelligent touch remote control powered by VELUX INTEGRA®. With a touch-sensitive screen and easily understood icons, programming skylights has become simpler than ever.
- Single hard wire connects into a standard junction box.

## Manual "Fresh Air" skylight – Model VCM

- Optional in-stock blinds available factory installed.
- Maintenance free white frames and sashes.
- Smooth-turning handle available for when the skylight is installed within reach.
- Opened and closed manually with VELUX control rods when out of reach.

## Factory installed in-stock blinds

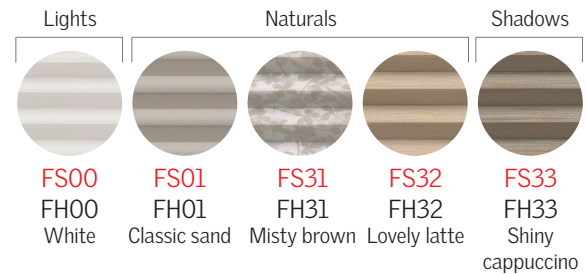

If one of the in-stock blinds below are ordered with your skylights, VELUX will factory install your blind for you, or you may select one of our special order blinds. Please visit [veluxusa.com](http://veluxusa.com) to see a listing of special order blinds.

**Note:** Special order blinds are not pre-installed with your skylight order and require a two week lead time.

In-stock room darkening - double pleated blinds  
(Solar powered/manual)

In-stock light filtering - single pleated blinds  
(Solar powered/manual)

In-stock venetian blind (FCM only)  
(Manual)

## Custom size fixed curb mounted skylights

Make size (W-in. x L-in.)	Width 18 3/4 To 50 3/4
Height 18 3/4 To 72	Now delivered in 12 days or less
Height 72 1/4 To 76 1/2	Now delivered in 20 days or less

We require maximum skylight clearance dimensions in 1/4-in. increments (0, 1/4, 1/2, 3/4) for width and height.

**Note:** Custom size flashing kits and custom size blinds are not available.

**Note:** Some specialty glass options require longer lead times.

Please call for pricing and availability: 1-800-888-3589

## Curb mounted skylight flashing

Model	Installation	Roofing
ECL	Single	Shingle/Slate (10°- 60° roof pitch)
ECW	Single	Tile (15°- 60° roof pitch)

## Choosing the right glass for your skylight

### For out of reach applications

Clean, Quiet & Safe glass (xx04) - recommended

Standard on: VCS, VCE

Available on: VCM, FCM

Clean, Quiet & Safe glass also available in the following options:

Impact (xx06)

Available on: VCE, VCM, FCM

White laminated (xx08)

Available on: VCE, VCM, FCM

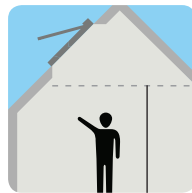

Snowload (xx10)

Available on: VCM, FCM

Quiet

Reduce unwanted outside noise by up to 25% less than a standard double pane glass, and up to 50% less than a plastic skylight

Safe

VELUX recommends and building codes require laminated glass for out of reach applications

### For in reach applications

Dual pane tempered glass (xx05)

Available on: FCM, VCM
